Portfolio: Community Lifestyle (Places)

Key issues include planning scheme, range of services, service levels.

Background

Jason was born and raised in Roma. His studies were undertaken locally and at the completion of schooling he commenced his trade apprenticeship as a plumber with Roma Town Council. Jason is married with three children who attend the Roma State College campuses.

Personal Focus

Jason is looking forward to his first term as a Councillor with the Maranoa Regional Council, in what he believes to be an exciting transitional time which will provide the leverage required to unite all communities within the Region.

Jason will focus on the continued development of the Region to ensure a sustainable economic future, whilst continuing to promote the 'country lifestyle' he and his family enjoy today. Providing utmost quality service to the ratepayers and residents is also of priority.

Professional & Community Profile

Whilst this is Jason's first term as an elected Councillor for local government, he has maintained a long standing relationship with the former Roma Town Council, having been employed as a member of Councils works team for a period of 16 years. This experience provided Jason the platform to launch his own plumbing business in 2003, which he successfully continues to operate in partnership with his wife Jillian today.

Jason is an active member of the local community and is involved in the following organisations:

- Local Disaster Management Group
- Airport Advisory Committee
- Roma Rural Student Hostel Inc.
- Apex Club of Roma
- Junior Rugby League
- PCAP Music Program
