

## **Our commitment to you**

Roma will continue to focus on the services that our community traditionally relies on Local Government to provide.

Roma's major event precinct, Bassett Park will see a \$2 million investment, while the Cultural Centre, utilised by a wide range of organisations and the Big Rig's Peter Keegan Museum will receive visual and audio upgrades.

The PCYC Maranoa carpark will be resealed and community engagement and design for the redevelopment of the Denise Spencer Memorial Pool will continue.

Community Safety remains a focus for Council with the significant investment in the rollout of CCTV across the region.

\$310K One-off Projects

Further investment at Bassett Park
