

Community Feedback

In September 2021, Maranoa Regional Council adopted a change to its organisational structure.

Three years on, Council is reviewing the outcomes of these changes. An internal review has been underway since late last year, incorporating feedback from staff and initial input from Councillors.

We're inviting residents to share their experiences and perspectives on how Council operates. Your input will help guide ongoing improvements to Council's service delivery.

1. What part of the region do you live in?

Feedback and suggestions:

2. What aspects of Council's organisational structure do you feel works for you?

3. What aspects of Council's organisational structure that could work better for you?
