

# Councillor Catch-up

Councillors are getting out and about across the region to meet with residents as part of their commitment to listen and report back to the Maranoa.

These sessions provide an opportunity to meet with Councillors face-to-face in your local area to informally chat about what's important to you and to ask questions about what Council is doing in your town and the broader region.

The next round of the catch-ups will take place in May:
